

Audio/Video Stands

PLATEAU CRX SERIES

CRX-2V 54 (Black Oak)

To compliment your system, we suggest adding our speaker stands (refer to the Speaker Stand section for details).

CRX-2V 64 (Black Oak)

AUDIO/VIDEO STANDS

THE CRX SERIES Offering PLATEAU's legendary high quality with premium components, these units feature high quality glass middle shelves with polished edges. They have been built for the serious connoisseur who recognizes the importance of bringing an aesthetic touch and grand functionality to a room. The CRX Series is designed for the current generation video monitors.

The Series design makes it possible to turn all of your video components into the Ultimate Furniture Design System. Shaped 3/4" [19mm] panels - supported by 2" x 2" [51mm x 51mm] steel tubing, create a stand that is extremely strong and rigid. Available in a luxurious natural wood veneer - Black Oak (B) with Black metal-work.

This priceless gem is a beautiful and magnificent combination of strength, style and versatility. It's a must for those who only accept the best. Casters available.
