

PLATEAU

Z / ZX SERIES

Audio/Video Stands

Z-5A (B)

ZX-4A

ZX-4A

THE Z SERIES This Series of audio racks contains welded heavy gauge steel tube construction to produce a superbly crafted unit. All metal work is covered in a virtually indestructible textured Black, baked powder-coat finish (as are all PLATEAU products). With resonance reducing open architecture, further elimination of resonance and vibration can be achieved by filling the base and side frames with lead shot or sand. This precision piece of technology is designed to stand the test of time. The Z-5A shelves feature a luxurious natural wood veneer - Black Oak (B), and the ZX-4A is offered with frosted tempered safety glass shelves.

DIMENSIONS

	Height	Width	Depth	Shelf Sizes					
				Shelf Width	Shelf Depth	Shelf Height	Shelf Height (bottom)	Shelf Thickness	Shelf Capacity
ZX-4A	36.0" [914mm]	20.5" [521mm]	17.75" [451mm]	18.75" [476mm]	15.5" [394mm]	9.0" [229mm]	9.0" [229mm]	0.25" [6mm]	70lbs [32kg]
Z-5A	36.5" [927mm]	20.75" [527mm]	17.0" [430mm]	19.25" [489mm]	15.5" [394mm]	6.5" [165mm]	7.0" [178mm]
